#### JEWISH STUDIES MAJOR

I. Majors in Jewish Studies must pass the following courses(15 credits): RELIG 210 (5 credits)
SISJE/HIST 250 (5 credits)
SIS 201 (5 credits.)

2. In addition to the required courses, majors must choose between two "tracks" amounting to 20 credits at the 300 level and above.

A. Judaic Cultural Tradition

B. The Jewish People in the Modern World

We anticipate that students in track A will draw courses primarily from those in the rubrics Jewish Literary and Intellectual Tradition, World of Ancient Israel, and Jews in Society. Those in track B will draw primarily from courses in Jews in Society, and Modern Israel Studies.

3. Students in either track will produce a Capstone Paper in association with a specific faculty member. This project may be in connection with one of the courses used to satisfy the "track" requirement. In the quarter of writing the project, students should register for 2 credits of SIS 4XX, Research Paper/Project.

4. The language requirement for the Jewish Studies major is as follows:

A. Track A: 30 cr of Hebrew (ancient or modern), 15 of which are included in the 52 required for the major.

B. Track B: 30 cr of Modern Hebrew, 15 of which are included in the 50 required for the major.

In specific circumstances, students in either track may apply to the Chair of the Program for permission to substitute 30 credits of another appropriate Jewish lingua franca other than Hebrew (e.g., Koine Greek, German, Russian, Arabic, Persian). Of these, 15 will count towards the major. Permission to substitute will be contingent upon a formal presentation of a program of study justifying the choice of language.
