1. Explanation of and Rationale for Proposed Change: (Please use additional pages if necessary. For new programs, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support, and departmental handouts.)

The proposed change in the minor updates the listing of courses to reflect the course numbers of the recently instituted heritage track in Chinese language. Specifically, it acknowledges that Chinese 212 and 213, the second and third terms of the second year of the heritage track, cover the equivalent of the non-heritage track's third year material. The substance of the requirements (i.e. the level of language proficiency mandated) remains the same.
