UNIVERSITY OF WASHINGTON

Mark A. Emmert, President

April 20, 2007

Dean Patricia W. Wahl
School of Public Health and Community Medicine
Box 357230

Dear Patricia:

Based on the recommendation of its Subcommittee on Admissions and Programs, the Faculty Council on Academic Standards has recommended approval of the change in the name of the program from Health Informatics and Information Management to Health Informatics and Health Information Management. A copy of the change is attached.

I am writing to inform you that the School of Public Health and Community Medicine is authorized to specify these requirements beginning summer quarter 2007.

The new requirements should be incorporated in printed statements and in individual department websites as soon as possible. The *General Catalog* website will be updated accordingly by the Registrar's Office.

Sincerely yours,

Mark A. Emmert
President

EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE

For new programs, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. *(Use additional pages if necessary).*

Dean Harry Bruce of the iSchool has requested that the word "health" be added to the term "information management" in the new title of this program because of the strategic significance of the term "information management" to the mission of the iSchool. Dean Patricia Wahl of the School of Public Health has agreed to this. Thus, the name of the program would be "Health Informatics and Health Information Management" instead of "Health Informatics and Information Management" (the name recently approved by SCAP/FCAS and the President).

Catalogue Copy as currently written. Include only sections/paragraphs that would be changed if you request is approved. Please cross out or otherwise highlight any deletions.
