OFFICE OF THE PRESIDENT

Mark A. Emmert, President

October 13, 2008

Dean B. Bruce Bare
College of Forest Resources
Box 352100

Dear Bruce:

Based on the recommendation of its Subcommittee on Admissions and Programs, the Faculty Council on Academic Standards has recommended approval of the revised requirements for the option in Landscape Ecology and Conservation within the Bachelor of Science in Forest Resources degree in Environmental Science and Resource Management. A copy of the change is attached.

I am writing to inform you that the College of Forest Resources is authorized to specify these requirements beginning autumn quarter 2008.

The new requirements should be incorporated in printed statements and in individual department websites as soon as possible. The *General Catalog* website will be updated accordingly by the Registrar's Office.

Sincerely yours,

Mark A. Emmert
President

EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE

For new programs, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. *(Use additional pages if necessary).*

During the past year the four options in ESRM were assessed and some slight revisions recommended and passed by the CFR faculty.

The revision to the Landscape Ecology and Conservation Option adds an upper level statistics requirement that will be of great use to students when completing their senior project/thesis requirement. It also brings the level of credits required up to those of our other options.
