EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE

For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary).

Based on a review of the undergraduate statistics program, the Statistics Department has created a new course, STAT 340, that will now be required for this option, and along with STAT 341 and 342, will provide a comprehensive one year sequence in lieu of MATH/STAT 394/395. As a result of this change, we need to revise our option requirements.

OTHER DEPARTMENTS AFFECTED

List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. *See online instructions.
