

OFFICE OF THE PRESIDENT

December 22, 2009

Interim Dean Dennis Hartmann  
College of the Environment  
Box 355679

Dear Dennis:

Based on the recommendation of its Subcommittee on Admissions and Programs, the Faculty Council on Academic Standards has recommended approval of the change from a Bachelor of Science in Forest Resources degree to a Bachelor of Science degree. A copy of the changes is attached.

I am writing to inform you that the College of the Environment is authorized to specify these requirements beginning winter quarter 2010.

The new requirements should be incorporated in printed statements and in individual department websites as soon as possible. The *General Catalog* website will be updated accordingly by the Registrar's Office.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Mark A. Emmert".

Mark A. Emmert  
President

**EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE**For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. *(Use additional pages if necessary).*

We would like to change our Bachelor of Science in Forest Resources (BSFR) to a Bachelor of Science (BS). Since joining the College of the Environment, we would like students to be able to double major with other BS programs within the college. Also, we are considering a name change for our unit, so a more generic degree name will remain flexible as our program evolves.

**OTHER DEPARTMENTS AFFECTED**

List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. \*See online instructions.

**CATALOG COPY**

Catalog Copy as currently written. Include only sections/paragraphs that would be changed if your request is approved. Please cross out or otherwise highlight any deletions.

The School of Forest Resources offers the following programs of study:

- The Bachelor of Science in Forest Resources degree with a major in environmental science and resource management. Within this major, options in landscape ecology and conservation, restoration ecology and environmental horticulture, sustainable forest management, and wildlife conservation are offered.
  - The Bachelor of Science in Forest Resources degree with a major in paper science and engineering. Paper science and engineering has ABET accreditation which is recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education as the accrediting agency for engineering in the United States.
  - Minors in environmental science and resource management; and streamside studies.
- (HEADER) Bachelor of Science in Forest Resources

**PROPOSED CATALOG COPY**

Reflecting requested changes (Include exact wording as you wish it to be shown in the printed catalog. Please underline or otherwise highlight any additions. If needed, attach a separate, expanded version of the changes that might appear in department publications).  
**Please note:** all copy will be edited to reflect uniform style in the General Catalog.
