EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE
For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary).
The minor requirements currently specify a list of approved elective courses. This list was created more than 10 years ago. Since then some faculty teaching in this area have retired, others have been hired, and research and teaching interests have shifted. As a result some of the specified courses are no longer offered while new courses that ought to apply to the minor are not included. Rather than creating a new list which will itself be out of date at some point in the future we seek to alter the elective requirement to specify credits drawn from "an approved list of courses." Such list of courses will be maintained in the History Undergraduate Advising Office and on the History Department website, and conveyed and updated in the DARS office as needed. This change will allow us flexibility to respond to changes in our faculty and curriculum in the best interests of students pursuing this minor.

OTHER DEPARTMENTS AFFECTED		
List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. *See online instructions.

Jennifer,

At the moment the list has not changed, though there will likely be changes once the 1503 is approved.

Stephanie,

I still need the list of approve electives used to satisfy the minor. Is it the same list or have there been changes?
