

OFFICE OF THE PRESIDENT

March 19, 2013

Dean Robert C. Stacey
College of Arts and Sciences
Box 353765

Dear Bob:

Based on the recommendation of its Subcommittee on Admissions and Programs, the Faculty Council on Academic Standards has recommended approval of the revised program requirements for the minor in Statistics. A copy of the changes is attached.

I am writing to inform you that the Department of Statistics is authorized to specify these requirements beginning winter quarter 2013.

The new requirements should be incorporated in printed statements and in individual department websites as soon as possible. The *General Catalog* website will be updated accordingly by the Registrar's Office.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Michael K. Young".

Michael K. Young
President

EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary). Demand for the basic sequence STAT 340-341-342 of the Statistics Major has very recently increased to where we need to give Majors registration priority. Thus, Statistics Minors cannot even enroll in STAT 340- even though they also require it. Thus, we need to change the Statistics Minor- and we need to change it quickly. (We currently have 12 minors and we will be forced to advise them according to the proposed <u>new</u> requirement.) Our previous Statistics Minor requirements were probably too close to the Major requirements- especially in terms of the mathematical level. The Minor requirements proposed herein thus allow entry into the initial upper division Statistics course at either of two levels. That is why we listed two pathways to the <u>same</u> Statistics Minor award. The more mathematically inclined can enroll in STAT 481 (which is mainly populated with graduate students from other departments- as a Statistics Department handout will warn students). The less mathematical can enroll in STAT/MATH 390. Since STAT 390 is a bare minimum, Pathway B will exercise control over the acceptable electives, which will vary year to year in accordance with the Statistics Department's offerings. (The 2.8 requirement in STAT/MATH 394-395 is included to defend the quality of STAT 481 and whichever Statistics electives the students choose.) Total credits in Pathway A could conceivably be as low as 29, while Pathway B total is 30.			
OTHER DEPARTMENTS AFFECTED List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. *See online instructions.

CATALOG COPY

Catalog Copy as currently written. Include only sections/paragraphs that would be changed if your request is approved. Please cross out or otherwise highlight any deletions.

See Attachment 1.

PROPOSED CATALOG COPY

Reflecting requested changes (Include exact wording as you wish it to be shown in the printed catalog. Please underline or otherwise highlight any additions. If needed, attach a separate, expanded version of the changes that might appear in department publications).
Please note: all copy will be edited to reflect uniform style in the General Catalog.

See Attachment 2.

Date:

Current

Minor

Minor Requirements: 30 credits, as follows:

1. ~~MATH 126 or MATH 136~~
2. ~~STAT 311 or approved substitute~~
3. ~~Both STAT 394/MATH 394 and STAT 395/MATH 395 or STAT 340, STAT 341, STAT 342; either STAT 421 or STAT 423~~
4. ~~One elective from the following choices: STAT 302, STAT 403, STAT 423, STAT 427, STAT 428, CSE 142, MATH 307, MATH 308, AMATH 351, AMATH 353, or an advisor-approved substitute~~
5. ~~Minimum grade of 2.0 in each course used to satisfy minor requirements~~

Curriculum Office Proposed Catalog Copy:

Minor Requirements: Minimum of 25 credits as follows.

- 1) MATH 126 or MATH 136
- 2) STAT/MATH 394; STAT/MATH 395
- 3) STAT/MATH 390
- 4) STAT 302
- 5) Either STAT/BIOST 425 or STAT/MATH 396
- 6) Minimum of 5 credits of approved electives. See advisor for approved list.
- 7) Minimum grade of 2.0 in each course used to satisfy the minor requirements.

Approved list for DARS:

CSE 142

CSE 143

MATH 308

Additional electives approved by advisor
