Dear Susan:

Based upon the recommendations of the Executive Council, the General Faculty Organization has recommended approval of the revised program requirements for the minor in Education and Society. A copy of the change is attached.

I am writing to inform you that the Education program is authorized to specify these requirements beginning autumn quarter 2014.

The new requirements should be incorporated in printed statements and in individual department websites as soon as possible. The *General Catalog* website will be updated accordingly by the Registrar's Office.

Sincerely yours,

EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE
For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary).
Changes to the curriculum in the School of Interdisciplinary Arts and Sciences, and the Nursing and Health Studies Program at UW Bothell have led the Education Program to review the list of approved non-Education Program electives in the Education and Society Minor. It is important to the Education Faculty that the courses accepted toward the minor requirements include the area of formal or informal education (whether in schools or the community). The Education and Society Minor allows students to apply a maximum of five credits of coursework from outside the Education Program, selected from a preapproved list, toward the Minor requirements. Changes to this list of preapproved courses reflect the addition of new courses, the elimination of old courses, and changes to the schedule of regular course offerings in programs other the Education.

OTHER DEPARTMENTS AFFECTED		
List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. *See online instructions.
