6

NOTES:

- 1) History and Science likely dropped at some point and we did not get documentation - researching status
- 2) The options in Business are coded like majors but are technically options and are considered as such by the Business School
- 3) The format of the options on the transcript in the College of Engineering was modified for ABET
- 4) These School of Art program have gone through the RCEP process.
- 5) Programs look like options but are separate majors.
- 6) These options were terminated between 2002-2006 prior the Registrar's Office maintaining the files and we were not notified.
- 7) C LIT never formally got approve for an option in Literary Studies, but has been referencing it which was overlooked. I am following up.
