### EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE

For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary).

After the introduction of our thematic minors in AUT 2014, many majors have expressed an interest to have an option of a focus/theme within the major in the same areas as the minors. While we imagine most majors might stay with the current BA and its requirements, we would like to be able to offer the options for the few who construct their coursework around these themes.

### OTHER DEPARTMENTS AFFECTED

List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. \*See online instructions.
