To: Subject: Jennifer A. Payne RE: Question on 1503

Hi Jennifer,

I don't think this change will impact access to the minor for a couple reasons...

- As of AY 2014-15, the SPH major is no longer including 101 as a required course, though it is one of a handful of prerequisite course options
- Max enrollment in this course was 40 when it was offered, so these numbers will be easily absorbed in the winter course
- As of this fall, we have begun offering a DL version of the course, and plan to offer it both A 2014, and Spring 2015. Lexpect this to continue (eg. 2 DL offerings per year)

Thope this helps. Let me know if you have any questions.

Julie

Subject: Question on 1503

Julie,

Will requiring all students to take GH 101 impact student access to the minor? Are there any other courses, perhaps in ANTH that could work as in introduction course?

Jennifer
